Uses:

- *Electric boards and electric motors*
- *Generators*
- *Air-compressors*
- *Air-conditioning plants*

With a passer-by hole

"Bell" Antivibration Mounting with a Rectangular Cap

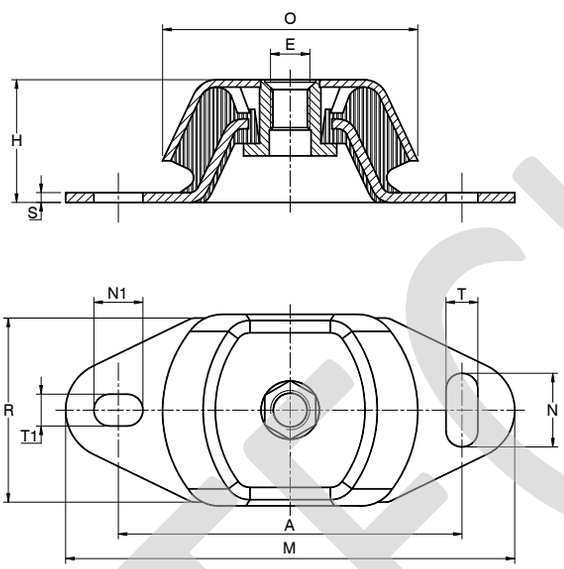

Type SR

"Bell" antivibration mounting with a rectangular cap, two clamping holes and white zinking.

Uses:

- *Generators*
- *Electric Motors*
- *Instruments*
- *Agricultural Machineries*

Code	Hardness Shore A	O mm	R mm	M mm	A mm	NxT (N1xT1) mm	H mm	E mm	S mm	Max Load* daN

FISATECH

Technical Articles on Drawing

Thanks to forty-year experience in the field of antivibration mountings, manufactures industrial articles and metal/rubber items on drawing for several applications. Here below you can see some of them developed and produced during these years in order to fulfil our own customers' request. Our technical department, by the help of a powerful designing software, PRO-ENG, gives customers "key in hand" as to offer them solutions starting from the very first step of antivibration mountings project to reverse engineering.

OUR MAIN APPLICATION FIELDS:
Spare parts for earthmoving machines
"Special" items for hydraulic breakers
Supports for waste collection machines
Supports for bio-medical machines
"Special" mounts by polyurethane

BUILDING

AGRICULTURE
